

Up Front with the President

The response to last months meeting was so good we will meet at Cliff Green's house in Alexandria. We found our donated engine was a lot better than we expected. We will talk more about what to do with it at future meetings.

This months meeting will be on where to buy parts for V-8's and reasons to buy from these people. Plan to attend this garage tour/meeting at Cliff's. Come share your knowledge at this meeting. Remember we can't grow without your help, so bring a V-8 friend or anyone interested in V-8's.

Mike Gall

P.S. Don't forget to bring addresses and other information on your parts sources.

CARS & PARTS FOR SALE

4 - 6:00 x 16 blackwells, excellent condit.
