

## Up Front with the President

What a turnout we had for the October meeting for the talk from the DuPont paint representative! To come up with a good meeting like this we need your help in people you know or yourself if you have some kind of knowledge of V-8 interest. This month's meeting will be at Mike Gall's garage. If it is too cold we will retire to the house. This month we also need volunteers for the board of directors. Please volunteer, we need your help. From the people who volunteer, the board elects officers for 1979 as in the National Early Ford V-8 Club constitution.

Mr. Bill Dyer will help us with our club motion and talk about flathead engines at our December meeting, so plan to attend. For directions to Mike's house call 273-5334.

Mike Gall, President
